DAILY KENTUCKIAN

GREATER HOPKINSVILLE WANTS YOU.

Established 1879 Vol. XL--Daily Vol. 1. No. 54

HOPKINSVILLE, KENTUCKY, SATURDAY, MAY 11, 1918.

Price 3 Cents

EDITORIAL COMMENT

Call 449 if you fail to get the Kentuckian promptly. And if you have a news item, phone it to the same number.

Alex Baunwart, of Boston, has sued Senator Lodge for \$20,000 for knocking him down a year ago, in Washington, in a corridor of the capitol.

The church column does not appear this morning, for the reason that the pastors do not furnish their Sunday programs in time for Saturday's paper. Hereafter the church announcements will be made on Sunday morning, for such pastors as request it.

FOLLOWING THE FLAG.

Clark Fuqua is here on a furlough from Camp Sherman, O.

Letters received from Joseph Stites by his parents, dated April 11th, told of his experience under fire in the front line trenches, after he had returned to billets in the rear.

Arthur K. Goodwin, Manager of the Western Kentucky Tire Co., applied, about two weeks ago for a place in the U. S. Army as Air-brake Inspector. Yesterday morning he received orders to report to the authorities at Camp Meade, near Baltimore, on May 20. Mr. Goodwin is in the draft but volunteered when this special call was made. He will leave about the 17th or 18th.

PURELY PERSONALS.

R. M. Woldridge and Edgar Renshaw left yesterday for Louisville to attend the races.

George Crabtree and Raymond Johnson went to Louisville yesterday in an auto.

Mrs. E. H. Higgins has as her guest Mrs. George W. Powers, of Paris, Tenn.

Mr. and Mrs. Jas. A. McKenzie and children and Buck Boxley have gone to Louisville in Mr. McKenzie's car.

Thomas Metcalfe left this morning for a visit to Castle Heights Military Academy, Lebanon, Tenn., where he was in school for two years. He will be gone several days.

Lieut. Col. E. B. Bassett has returned to Camp Shelby after spending a day and night with his family. He stopped off here on his return from Owensboro where he testified as a witness in the trial of four miners of Clay, Ky.

Mr. John G. Ellis, for a long time a book-keeper in the City Bank, has resigned and will look after his private interests. Mr. Ellis has been one of the bank's most faithful and efficient employees for 20 years and his retirement leaves a vacancy that will be hard to fill.

QUIET DAY ON ALL THE FRONTS

SECOND DRAFT QUOTAS FIXED

ALL REMAINING WHITE MEN IN SECOND CALL GO TO CAMP WEEK OF MAY 25-29.

CHRISTIAN TO SEND 105

THE REST OF HER SECOND DRAFT QUOTA WILL BE COLORED MEN.

Frankfort, Ky., May 10.—All the white men remaining in the quotas of the second draft call will report at Camp Zachary Taylor May 25 to 29.

The county quotas have been allotted by Maj. Henry Rhodes, who also received a call yesterday from the Provost Marshal General for special service men, who can volunteer up to May 20. This call includes twenty railway trainmen to report to the engineers at Fort Leavenworth, Kan., four veterinarians to report to the veterinary corps, Camp Lee, Petersburg, Va.; twenty-five hostlers and stable men to report at the same camp; and twenty-five mule packers to report at Jacksonville, Fla. These are all white.

Twenty negro bricklayers and ten negro carpenters and helpers are wanted at Fort Wayne, Mich., under the same call.

The net quotas of some counties under the second draft call, together with the number of men to be furnished for Camp Zachary Taylor, May 25 to 29 follow:

	Net quota	Call
Caldwell	90	43
Calloway	162	107

MAKING OUT STRONG CASE

(By International News Service.)

Chicago, May 10.—The Government at the trial of I. W. W. agitators to-day, introduced evidence showing that the organization called for "4,000 rebels to go on a job at one cantonment." The cantonment referred to is at Rockford, Illinois.

CUNNINGHAM-AUSTIN.

Another of Trigg county's soldier boys had his name enrolled among the list of beneficiaries when Mr. Hopper Cunningham and Miss Myra Austin, both of this county, were united in marriage in Louisville on May first. Mr. Cunningham has been at Camp Taylor since last October, and Miss Austin had gone to Louisville to attend the State Educational Association. They had been sweethearts for a number of years, and their marriage was announced in cards received by many friends at home. They will be at home to their friends at 924 South Fourth street, Louisville. Cadis Record.

CASON-FORTNEY.

R. V. Cason and Miss Ima Fortney were married at Central City Thursday morning. They left at once for a bridal tour and on their return will reside at Central City. The groom formerly resided here and is a brother of Miss Nell Cason. He is an electrician, in the employ of the Brownsville Coal Co.

LOWE JOHNSON IS ELECTED

HOPKINSVILLE BOY MADE PRINCIPAL PEMBROKE GRADED AND HIGH SCHOOL.

The Board of Trustees of the Pembroke Graded school have met and elected teachers for the school for the ensuing school year. An important change in the faculty was made necessary by reason of the fact that Prof. J. R. Claypool, principal for the past two years, is within the draft age and has no claim for exemption. Hence, he was not an applicant and the Board was compelled to seek another person for a principal.

The Board made no mistake in selecting Prof. Lowe Johnson principal. Lowe is a Hopkinsville boy, is at present principal of the Newstead Consolidated School and one of the very best teachers in Christian county and this part of the state. Hopkinsville and Christian county are proud of the record this young man has made and he, no doubt, will give Pembroke a high class administration of its school affairs.

The Board elected four other teachers in addition to the principal. Mrs. S. S. Jameson is reelected assistant principal and Misses Martha McClanahan, Dovie Anderson and Lena Foster grade teachers.

The present school building which has been condemned will be partly torn down and rebuilt with new additions of class rooms and an auditorium.

Present term of school will close next Thursday night with graduation exercises. The Hopkinsville High School Orchestra will furnish the musical program and the commencement address will be delivered by Dr. M. B. Adams, President of Georgetown College.

H. S. ENTRANCE EXAMINATION

HELD YESTERDAY IN FOUR SEPARATE PLACES—APPROXIMATELY 100 GIVEN TEST.

Yesterday and today are decision days for many boys and girls all over Kentucky. That is, the high school entrance examinations, being held for all Eighth Grade pupils wishing to enter county high schools, will decide the careers of many future men and women.

Under the supervision of Supt. L. E. Foster and a board of examiners, examinations are being held in four places in the county for all pupils finishing the 8th grade and desiring to enter high school who did not take the examination held in January for this same purpose.

Thirty-five white pupils are being examined in Hopkinsville, 23 in Pembroke, and 8 in Crofton. About 30 or 35 colored boys and girls are taking the examination at the Attucks High School on First street. This number added to the 66 whites total approximately 100.

Like examinations are being held in every county in the state in accordance with a state law and the questions for these are prepared by the State Board of Examiners and sent out from the Department of Education at Frankfort.

Each boy or girl taking these examinations and making the grades is graduated from the 8th grade of the public school and given a State Common School Diploma signed by the State Superintendent of Public Instruction. It should be the ambition of every boy and girl in the state to obtain one of these diplomas, and also to enter and complete the high school and receive a diploma from it also.

FIRE AT AUBURN.

The business section of the town of Auburn, Logan county, had a \$25,000 fire yesterday.

Aside From Artillery Activity On Some Sectors, Most of the Fighting Was Done Yesterday in the Air.

British Report a Total of 40 German Machines Brought Down.

NEW LOCAL SUCCESSES SCORED

(By International News Service.)

London, May 10.—Both the French and British have scored new local successes during the last twenty-four hours. Artillery activity is increasing steadily on the vital sectors of the Flanders and Picardy fronts, and a resumption of the great struggle seems near. All military experts are speculating on the enemy's plans.

What may be taken as the view of the British war office was given by the correspondents by General Radcliffe, chief director of military operations at the war office, when he said to-day that the bulk of the German reserves are still on the Amiens front, indicating a probable renewal of the attack there. Fresh divisions on the Flanders and Somme fronts show that Germany is tapping her reserves.

As Told In Berlin.

Berlin, May 10.—To-night's war office statement says: "An English local attack north of Albert was repulsed. A French advance in Apremont wood also failed."

RUSSIAN TOWN IS RECAPTURED

(By International News Service.)

London, May 10.—The telegraph company's Moscow correspondent says the Russian Council of Commissioners has received information to the effect that the city of Bostoff, on the Don, reported by Berlin to have been occupied by German troops yesterday, has been recaptured, the Germans being thrown back 30 miles. Russian cavalry is reported to be pursuing the Germans.

ALL ELECTED EXCEPT SUPT.

TEACHERS IN THE PUBLIC SCHOOLS ALL GET THEIR POSITIONS ANOTHER YEAR.

The Hopkinsville Public School Board met last night for the election of a faculty for next year. All of the 35 or 40 teachers were re-elected without exception.

Miss Addie Green, who has been a substitute, was elected as an assistant to the principal at the Belmont school.

The election of a superintendent was postponed until a future date.

PRINCESS MONDAY.

Julian Eltinge, the well-known professional woman-imitator, can boast a popularity far greater than might be expected from the fact that he has never appeared in any except large cities and towns. That is, he is a "big-timer" as they put it in the theatrical world. When Mr. Eltinge made his screen debut recently under Paramount auspices, it was thought that the small towns where Mr. Eltinge had not appeared might not be as interested in seeing him on the screen, but this surmise was found to be absolutely incorrect as thousands of small cities and villages all over the country poured in their inquiries and requests for Mr. Eltinge's pictures. "The Clever Mrs. Carfax," is scheduled to appear at the Princess theatre on Monday.

Best varieties aster plants. Phone 94.

(By International News Service.)

London, May 10.—To-night's official reports from British headquarters are as follows:

There was local fighting to-day around the Aveluy woods and hostile artillery activity at different points, particularly on the Vimy and Robecq sectors and south of Dicke Busch.

There was nothing further to report but much air fighting was again done. Thirty-nine German machines and one balloon were brought down by the British forces yesterday and six British machines failed to return.

Twenty-four tons of bombs were dropped on various German railroad stations and on the submarine base of Zeebrugge, in Belgium. Ostend harbor has been blocked by sinking an obsolete ship in the channel, another signal triumph for the British fleet.

OSTEND PORT BLOCKED

(By International News Service.)

London, May 10.—The German port of Ostend was closed today by the sinking of the British cruiser Vindictive in the channel. The whole operation required only about forty-five minutes, after two hours preliminary bombardment by the British. The spot and manner of the Vindictive's sinking are described "as ideal."

Berlin's Cheerful View.

Berlin, May 10.—"The enemy's attempt to block the port of Ostend was completely frustrated," says an admiralty statement to-night. "The entrance of the port is quite clear."

EASTLAND-BRONAUGH.

The Pembroke Journal has this to say of the Eastland-Bronaugh wedding:

"A wedding which came as a complete surprise to the friends of the contracting parties was that of Mrs. Helen Pendleton Bronaugh, of this city, and Mr. T. D. Eastland, of Danville, Ky. The wedding occurred at Macomb, Ill., on April 27. The intimate friends of the couple were aware that their courtship would culminate in marriage soon, but when it was announced, after the bride's return from a visit in Illinois, that the happy event had already taken place, surprise was general. After spending a few days with the bride's parents here, Mr. and Mrs. Eastland went to Hopkinsville to make their home, having taken an apartment in the Pennyroyal building. The bride is the daughter of Mr. and Mrs. R. Y. Pendleton and is one of Pembroke's most popular and lovable young women. Mr. Eastland is a member of a prominent Danville family and a splendid young gentleman. He is a salesman for the Delco Light Co., with headquarters at Hopkinsville. The best wishes of many friends are extended Mr. and Mrs. Eastland."

STOCKLEY'S BUSY NIGHT.

Last night 20 automobiles were parked on Ninth street between Main and Virginia, at one time.

"THE KAISER, THE BEAST OF BERLIN." The supreme sensation of the year. A merciless expose of German butchery and "kultur." A masterful production that conveys a powerful message to every true American.

Choice aster plants. Phone 94.

LIGHTNING BOLT STRIKES STABLE

SIX HEAD OF MULES, WAGONS AND PROVENDER BURNED WITH BUILDING.

A large stable on the farm of W. J. McGee, near Bennettstown, 40 by 60 feet, was struck by lightning about 3 o'clock yesterday morning and destroyed with its contents. In the stable were 6 mules and two wagons belonging to Dudley Miles, who has been operating the farm while Mr. McGee was living in town as Assessor. Also a lot of hay and corn, two-thirds belonging to Miles and one-third belonging to McGee.

The loss of the building falls on Mr. McGee. His loss is about \$1,000 and Mr. Miles' about \$2,000. There was some insurance, but how much was not known yesterday. Mr. McGee was present, having driven to the farm that day. His horse and buggy were in another stable and escaped.

WHOLE PARTY WIPED OUT.

An American patrol on the Toul sector fell victims to a silent enemy ambush some time Tuesday night. The Germans evidently used bayonets and the butts of their rifles. The Americans went out early in the evening and nothing was heard of them until another patrol happened to cross the post where the others had been ambushed. Not one shot was fired during the encounter, as far as was known.

ANOTHER BAD ACCIDENT.

Seven soldiers were killed and 22 injured, 4 seriously, when a troop train coach jumped the track near Columbia, S. C. They were Carolina troops in Machine Gun Companies.

STATE COUNCIL OF DEFENSE

ALLOTS THREE FARM TRACTORS TO CHRISTIAN COUNTY TO STIMULATE FARMING.

The State Council of National Defense has purchased 100 Fordson tractors from Henry Ford & Son, of Dearborn, Michigan, and has allotted them to various counties throughout the State to be sold to farmers at cost plus the freight. The present cost is \$750 f. o. b. Dearborn, Mich.

Three of these tractors have been sent to this county and they arrived yesterday morning in a car with two for Todd county, and two for Trigg. These were unloaded and driven to the Ford Garage on 7th street from which place they will be distributed to the farmers. These will be sold to the farmers by Tubal Jones, Ford Agent here, but the sale will have to be approved by the local council of National Defense, since there are certain requirements that must be met. The purchaser must pay cash for the tractor, must have 250 acres of land for cultivation, and must meet such other requirements as may be made by the Council of Defense. The purchaser of these tractors is to stimulate the use of such machinery throughout the country to overcome in a measure the farm labor shortage.

WAR DEVELOPMENTS.

Ostend, the other German submarine base not far from Zeebrugge, has been blocked by a British raid. The old cruiser, Vindictive, loaded with concrete was sunk in the outlet. British casualties were light. This is a similar exploit to the one April 27 when Zeebrugge was blocked.

The section of British front near Montdidier reported entered yesterday and promptly retaken by the British. The British took a village near Montdidier and captured 250 prisoners. The lines about Ypres have been firmly re-established.

BORGLUM GETS IN BAD

NEW PHASE GIVEN TO THE REPORT ON THE AIRPLANE SCANDAL.

(By International News Service.)

Washington, May 10.—A new and sensational twist to the army aircraft scandal was given to-day when the War Department turned on its principal accuser, Gulsom Borglum. Through Senator Thomas, of Colorado, spokesman for the amendment on the Military Affairs Committee, the Government caused to be read into the Congressional record correspondence and affidavits tending to show that at the very time Borglum was collecting information upon which he charged officers of the Government with graft he was using his position as the President's investigator to organize an airplane company.

GUNS TURNED ON AMIENS.

The German artillery, under orders from the Prussian and Bavarian crown princes, is doing its utmost to turn Amiens into another Rheims. Picardy's capital has already suffered terribly from this effect to carry out the German idea of striking terror into the fatherland's enemies by the destruction of their most loved works of art, and every day adds to its suffering. The correspondent went all over the city and observed the effects of the bombardment which has turned parts of the town into hoops of ruins and killed 52 civilian men, 47 women and five children. A school building, two more forty-eight women and six children before the population had a chance to evacuate the place. As most of the shells and bombs are of the incendiary type, they have caused enormous damage, so that up to the present 1,000 houses have been destroyed. When the enemy who gallantly struck their last have tried to extinguish the flames, the German bombers, using the glare of the fire, they have caused, have thrown shells upon the city while at night the German airmen have circled high over the blaze and dropped more bombs. The cathedral, which possesses the finest Gothic nave in existence, has so far escaped serious damage, but any moment may see irreparable injury done, as projectiles continue to fall all around it.

TAFT AND WALSH TO ARBITRATE

(By International News Service.)

Washington, May 10.—Former President W. H. Taft and Frank P. Walsh, joint chairmen of the National War Labor Board, were appointed as mediators to effect an Amicable agreement between telegraph companies and the members of the Commercial Telegraphers' Union.

OFFICER FLIER KILLED.

Lawton, Okla., May 10.—Lieut. George Sherman student officer at Post field school for aerial observers, was killed Thursday when an army airplane in which he was making a flight fell 300 feet. The pilot of the machine was only slightly injured.

ROSCOE CANKLING SIMMONS.

Roscoe Cankling Simmons, one of the most noted colored orators in the country, delivered a patriotic lecture at the Tabernacle last night, under the auspices of the colored Masonic Lodge. A section of the house was reserved for white people. A large crowd attended.

MANY KILLED.

Eighteen were killed and 150 injured in various towns in Italy.

Julian Eltinge, the well-known professional woman-imitator, can boast a popularity far greater than might be expected from the fact that he has never appeared in any except large cities and towns. That is, he is a "big-timer" as they put it in the theatrical world. When Mr. Eltinge made his screen debut recently under Paramount auspices, it was thought that the small towns where Mr. Eltinge had not appeared might not be as interested in seeing him on the screen, but this surmise was found to be absolutely incorrect as thousands of small cities and villages all over the country poured in their inquiries and requests for Mr. Eltinge's pictures. "The Clever Mrs. Carfax" is scheduled to appear at the Princess theatre on Monday.

(By International News Service.)

London, May 10.—To-night's official reports from British headquarters are as follows:

There was local fighting to-day around the Aveluy woods and hostile artillery activity at different points, particularly on the Vimy and Robecq sectors and south of Dicke Busch.

There was nothing further to report but much air fighting was again done. Thirty-nine German machines and one balloon were brought down by the British forces yesterday and six British machines failed to return.

Twenty-four tons of bombs were dropped on various German railroad stations and on the submarine base of Zeebrugge, in Belgium. Ostend harbor has been blocked by sinking an obsolete ship in the channel, another signal triumph for the British fleet.

OSTEND PORT BLOCKED

(By International News Service.)

London, May 10.—The German port of Ostend was closed today by the sinking of the British cruiser Vindictive in the channel. The whole operation required only about forty-five minutes, after two hours preliminary bombardment by the British. The spot and manner of the Vindictive's sinking are described "as ideal."

Berlin's Cheerful View.

Berlin, May 10.—"The enemy's attempt to block the port of Ostend was completely frustrated," says an admiralty statement to-night. "The entrance of the port is quite clear."

EASTLAND-BRONAUGH.

The Pembroke Journal has this to say of the Eastland-Bronaugh wedding:

"A wedding which came as a complete surprise to the friends of the contracting parties was that of Mrs. Helen Pendleton Bronaugh, of this city, and Mr. T. D. Eastland, of Danville, Ky. The wedding occurred at Macomb, Ill., on April 27. The intimate friends of the couple were aware that their courtship would culminate in marriage soon, but when it was announced, after the bride's return from a visit in Illinois, that the happy event had already taken place, surprise was general. After spending a few days with the bride's parents here, Mr. and Mrs. Eastland went to Hopkinsville to make their home, having taken an apartment in the Pennyroyal building. The bride is the daughter of Mr. and Mrs. R. Y. Pendleton and is one of Pembroke's most popular and lovable young women. Mr. Eastland is a member of a prominent Danville family and a splendid young gentleman. He is a salesman for the Delco Light Co., with headquarters at Hopkinsville. The best wishes of many friends are extended Mr. and Mrs. Eastland."

STOCKLEY'S BUSY NIGHT.

Last night 20 automobiles were parked on Ninth street between Main and Virginia, at one time.

"THE KAISER, THE BEAST OF BERLIN." The supreme sensation of the year. A merciless expose of German butchery, and "kultur." A masterful production that conveys a powerful message to every true American.

LIGHTNING BOLT STRIKES STABLE

SIX HEAD OF MULES, WAGONS AND PROVENDER BURNED WITH BUILDING.

A large stable on the farm of W. J. McGee, near Bennettsburg, 40 by 60 feet, was struck by lightning about 3 o'clock yesterday morning and destroyed with its contents. In the stable were 6 mules and two wagons belonging to Dudley Miles, who has been operating the farm while Mr. McGee was living in town as Assessor. Also a lot of hay and corn, two-thirds belonging to Miles and one-third belonging to McGee.

The loss of the building falls on Mr. McGee. His loss is about \$1,000 and Mr. Miles' about \$2,000. There was some insurance, but how much was not known yesterday. Mr. McGee was present, having driven to the farm that day. His horse and buggy were in another stable and escaped.

WHOLE PARTY WIPED OUT.

An American patrol on the Toul sector fell victims to a silent enemy ambush some time Tuesday night. The Germans evidently used bayonets and the butts of their rifles. The Americans went out early in the evening and nothing was heard of them until another patrol happened to cross the post where the others had been ambushed. Not one shot was fired during the encounter, as far as was known.

ANOTHER BAD ACCIDENT.

Seven soldiers were killed and 22 injured, 4 seriously, when a troop train coach jumped the track near Columbia, S. C. They were Carolina troops in Machine Gun Companies.

STATE COUNCIL OF DEFENSE

ALLOTS THREE FARM TRACTORS TO CHRISTIAN COUNTY TO STIMULATE FARMING.

The State Council of National Defense has purchased 100 Fordson tractors from Henry Ford & Son, of Dearborn, Michigan, and has allotted them to various counties throughout the State to be sold to farmers at cost plus the freight. The present cost is \$750 f. o. b. Dearborn, Mich.

Three of these tractors have been sent to this county and they arrived yesterday morning in a car with two for Todd county, and two for Trigg. These were unloaded and driven to the Ford Garage on 7th street from which place they will be distributed to the farmers. These will be sold to the farmers by Tubal Jones, Ford Agent here, but the sale will have to be approved by the local council of National Defense, since there are certain requirements that must be met. The purchaser must pay cash for the tractor, must have 250 acres of land for cultivation, and must meet such other requirements as may be made by the Council of Defense. The purchaser of these tractors is to stimulate the use of such machinery throughout the country to overcome in a measure the farm labor shortage.

WAR DEVELOPMENTS.

Ostend, the other German submarine base not far from Zeebrugge, has been blocked by a British raid. The old cruiser, Vindictive, loaded with concrete was sunk in the outlet. British casualties were light. This is a similar exploit to the one April 23 when Zeebrugge was blocked.

The small section of British front near Amiens, reported entered yesterday, was promptly retaken by the British.

The French took a village near Montdidier and captured 250 prisoners. The lines about Ypres have been firmly re-established.

BORGLUM GETS IN BAD

NEW PHASE GIVEN TO THE REPORT ON THE AIRPLANE SCANDAL.

(By International News Service.)

Washington, May 10.—A new and sensational twist to the army aircraft scandal was given to-day when the War Department turned on its principal accuser, Gulton Borglum. Through Senator Thomas, of Colorado, spokesman for the amendment on the Military Affairs Committee, the Government caused to be read into the Congressional record correspondence and affidavits tending to show that at the very time Borglum was collecting information upon which he charged officers of the Government with graft he was using his position as the President's investigator to organize an airplane company.

GUNS TURNED ON AMIENS.

The German artillery, under orders from the Prussian and Bavarian crown princes, is doing its utmost to turn Amiens into another Rheims. Picardy's capital has already suffered terribly from this effect to carry out the German idea of striking terror into the fatherland's enemies by the destruction of their most loved works of art, and every day adds to its suffering. The correspondent went all over the city and observed the effects of the bombardment which has turned parts of the town into heaps of ruins and killed 52 civilian men, women and five children. A school building and two more forty-eight men and women children before the population had an opportunity to evacuate the place. As most of the shells and bombs are of the incendiary type, they have caused enormous damage, to the up-to-the present level of houses have been destroyed. When the Germans who gaily struck their flags have tried to extinguish the flames, the German planes, so long the glare of the sky, have caused, ha, through shells upon the city while at night the German airmen have circled high over the blaze and dropped more bombs. The cathedral, which possesses the finest Gothic nave in existence, has so far escaped serious damage, but any moment may see irreparable injury done, as projectiles continue to fall all around it.

TAFT AND WALSH TO ARBITRATE

(By International News Service.)

Washington, May 10.—Former President W. H. Taft and Frank P. Walsh, joint chairmen of the National Labor War Board, were appointed as mediators to effect an Amicable agreement between telegraph companies and the members of the Commercial Telegraphers' Union.

OFFICER FLIER KILLED.

Lawton, Okla., May 10.—Lieut. George Sherman student officer at Post field school for aerial observers, was killed Thursday when an army airplane in which he was making a flight fell 300 feet. The pilot of the machine was only slightly injured.

ROSCOE CANKLING SIMMONS.

Roscoe Cankling Simmons, one of the most noted colored orators in the country, delivered a patriotic lecture at the Tabernacle last night, under the auspices of the colored Masonic Lodge. A section of the house was reserved for white people. A large crowd attended.

MANY KILLED.

Eighteen

Second were killed and injured in various towns in Ill.

OUR SERVICE FLAG**POETIC JUSTICE ON THE HUN.**

By rare poetic justice the Germans have suffered more from the gas attacks than their opponents. They are ready to enter an agreement to abandon the use of this devilish invention which they sprang upon the world with such glee.

They have given up the practice of losing large quantities of the gas to be blown forward by the wind. For the prevailing course of the wind has more often turned the poisonous vapors back on themselves than it has carried the gas forward against the allies.

The gas shells have been duplicated by the allies, and while the allies have developed an almost perfect mask as a defense, the Huns have been short of the necessary rubber and chemicals. Their masks are far inferior to those of our troops.

Another trick of the Huns has proved unprofitable. They put French and English prisoners to work behind the lines in the range of allied shell fire. Promptly the allies moved German prisoners up to exposed positions. As the allies held vastly more prisoners than the Germans, the Hun high command quickly sought an arrangement by which prisoners were moved thirty kilometers from the front.

But, if German prisoners in France had been few in number, the Huns would have continued to expose the English and French prisoners to the artillery fire of their own comrades. —Evansville Courier.

KEEP THE GIRL ON THE FARM.

The public generally is not familiar with that class of publications known as "farm papers, or journals." This does not apply to city and town folks only. The majority of the country folk in many sections are as much unacquainted with a farm paper as their cousins.

Many of these farm papers are of high class and the news and editorials they contain are based more largely upon experience and are more thoroughly studied out than many of the big newspapers. Here is a sample editorial which appeared recently in the Farm and Fireside:

"A great deal is said about keeping the boy on the farm; not so much about keeping the girl there. Yet the latter is quite as important as the former. The country needs fine, competent women leaders in community life fully as much as it needs men who will lead in first-class farming."

"The home and its surroundings are what count in keeping the girl interested in rural life. Every girl, as she grows up, wants attractive interesting things. If she cannot find them at home, she will find them elsewhere."

"It is not an expensive matter to make things attractive for the growing girl. It is, more a matter of thought than of cost. She wants first a pretty room. A man or woman

man who is at all handy can enamel the furniture in white. Flowered chintz can be bought and curtains easily made for the windows.

"None of these things cost much money. Of course, they all cost something, but no more than a reasonably prosperous farm family can afford—no more than it would gladly expend if it realized that this meant the difference between the girl's staying in the community and her going to the city to make her own way."

SPIES CAUGHT.

The first German-American to be caught spying on the Americans is safely in custody in France. Behind the characterization of traitor to his country contained in the report of his arrest is the story that he aided a German prisoner to escape. Both men donned American officers' uniforms and entered the line from the rear late in the afternoon. They said they were studying the ground between the lines with a view to using tanks and asked to be allowed to cross the lines. The officer to whom they made the request soon discovered the ruse and ordered them escorted to the rear. There it was found that one of the men was a German and that the German-American was his accomplice. The Kentuckian will receive suggestions from patriotic Americans as to what ought to be done with them. The two best ones will be sent to Secretary Baker if they can get there in time.

Brig. Gen. Donnelly, commanding Missouri troops, against whom court martial proceedings had been started, has resigned and his resignation has been accepted. Gen. Donnelly was charged with booze-fighting and card-playing. The court martial proceedings have been indefinitely postponed.

Senator Hitchcock, of Nebraska, has been made chairman of the foreign relations committee, succeeding the late Senator Stone. He has been a thorn in the President's side in the past, but has probably promised to be good. He was the Democratic member of the committee in line for promotion.

Christian county's first quota was 324 and credit was given for 237 volunteers. The 87 called were all white men. The second draft quota is 235, and 58 white and 36 colored men have been called. The next call is for 105 white men, leaving 36 colored men yet to be called.

Legislation raising the draft age to 40 years was discussed as a possibility within a few months at a meeting of Provost General Crowder and the House military committee Wednesday.

Berlin claims 37 Entente planes shot down in the last few days, but gives no account of the Hun planes. The British claim to have brought down 30 on Wednesday.

MRS. JAMESON'S CONDITION.

Mrs. T. D. Jameson, who has been in very feeble health for some time, has been much worse for the past several days. She has been practically unconscious, since Friday afternoon of last week, and while her condition is regarded as a little more favorable now, she is yet in a very serious condition. This is indeed sad news to the many friends of this excellent lady and her family. —Pembroke Journal.

COME FOR YOUR BONDS.

We now have the Third Liberty Loan Bonds ready for delivery; also the first and second issues of bonds. All who have paid in full for either issue, are requested to bring in the receipts and get the bonds, as they are now being held at their risk. We would also urge that the monthly payments be kept up regularly so as to have these paid for and out of the way before another call comes.

FIRST NATIONAL BANK.**MINISTERS' ASSOCIATION.**

The regular meeting of the Association will be held at the Episcopal church, Monday, May 13, at 10:00 a. m. Rev. Charles Brevard, of the First Presbyterian church, will give an address on a vital topic. The Association is always glad to welcome visiting ministers.

THOMAS CHAPMAN, Sect'y**NOTICE.**

If your children have sore throat, watery eyes, fever, or coughing, do not send it to school or let it go to Sunday School, picture shows, or public gatherings. Have your physician see the child. No child should be sent to school unless perfectly well.

HEALTH DEPARTMENT.

Thousands of Carnations and roses for Mother's Day at Matcafe's Green House, at less than wholesale cost. Home grown. —Hopkinsville, Ky.

GLAD TO TESTIFY

Says Watoga Lady, "As To That Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last two weeks, and was so weakening, and my health was awful."

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. I have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

SAYS SHE CANNOT LIVE WITH SEDITIOUS HUSBAND.

(By International News Service.)

San Francisco, May 10.—"No American flag shall ever fly over my house!" said Henry Kruze, a native of Germany, according to a divorce complaint filed by his wife. Mrs. Kruze says she can no longer brook the seditious utterances of her husband and asserts that it is impossible for her, a loyal American, to live with him. Some of the remarks attributed to Kruze are: "The Red Cross is a graft!" "A person who buys Liberty Bonds is a damned fool!" "I am glad the American armies are being gassed—that's what they were sent to France for!"

The complaint is a lengthy document, containing a careful narrative of Kruze's alleged insults.

HUG BY PRETTY GIRL ENDS IN LOSS OF \$130.

(By International News Service.)

San Francisco, May 10.—A long hug by a pretty girl cost Charles Smulders, of this city, \$130, and the fact that the young woman was beautiful does not console him in the least. Smulders told the police that he was walking down the street when the "fair young thing" threw her arms about his neck babbling terms of endearment with vehemence. Smulders struggled a half block before he could break from her embrace. Then he discovered that his wallet was missing.

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRUMLING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HEIM, R. No. 6, Box 83, Lowell, Mich.

Why Not Try

LYDIA E. PINKHAM MEDICINE CO. LYNN, MASS.

EARN 14 CENTS A DAY;
HAS WIFE AND BABY

And Yet This True Story Has a
Happy Ending.

Even a Frenchman sometimes loses, for awhile at least, his "unfailing" sense of humor.

Take, for instance, the case of a man from Lille, a soldier, Waeltete by name and only twenty-three. He had done pretty well, for the youngster had already his own printing shop in that northern French town, which is still inside the German lines. In the trenches Waeltete developed tuberculosis, and he was sent to a hospital at Grenoble. There he was considered incurable, and after the usual three months of treatment he was granted his 14 cents a day pension. Said his fatherly army doctor, "My son, you can perhaps cure yourself if you will live in the mountains, if you will eat plenty of nourishing food and, above all, if you don't worry."

Waeltete should have smiled, but he didn't. He was thinking of his baby and his wife—and his 14 cents. "Don't worry!" The humor of it entirely escaped him.

Then the Red Cross stepped in. He was found by an American woman with some American Red Cross money for just such cases, and within a few hours he no longer had need to worry. He was sent to the mountains at La-mure, in the French Alps, happy in the knowledge that his family was being cared for by these amazingly kind Americans.

And now the army doctor's words are coming true. Waeltete's lung is healing fast, and he is dreaming of another printing shop and of living again some day with that little family. There have been over 400,000 new cases of tuberculosis in France since the war started, and to care for those cases and check the White Plague's spread is merely one of the big jobs the American Red Cross has set out to accomplish.

FATHER AT WAR, TRAGEDY AT HOME

Just What Home Service Means
to a Soldier.

The father kisses his wife and kiddies goodby, shoulders his gun and marches away to war.

For a time the current of life flows smoothly for the soldier's little family. Then comes the tragedy. Mother is taken ill. The little brood of brothers and sisters is helpless. No father to turn to. A helpless mother!

To whom can the American soldier's family look at this critical period? Must a brave man's loyalty to his country mean desolation and suffering to those nearest and dearest to him? No! Emphatically no! The American people will not permit the families of their soldiers and sailors to suffer because their breadwinners are fighting for their country. And so the Red Cross Department of Civilian Relief has created a nation-wide organization for home-service for the families of soldiers and sailors.

Under the banner of "Home Service" patriotic men and women have enrolled and are devoting themselves to the noble task of helping soldiers' families to meet and adjust the problems of everyday life and aiding them to maintain the standards of health, education and industry.

Home Service—True Service.

Home service means keeping the soldier's children well and in school. It means tiding the family over financial troubles, arranging the household budget, meeting insurance premiums, adjusting a mortgage, bringing medical aid and legal advice to bear at the right moment. In short "Home Service" is true service, in that it provides the warm handclasp of friendship rather than the humiliation of charity. It calls for sympathetic understanding and intelligent consideration of the most vital needs of the soldier's family.

The Red Cross is pledged to "Home Service" wherever needed in the United States. In each chapter of the Red Cross there will be a home service section, under competent hands, whose mission will be to protect the welfare of the soldiers' and sailors' homes and to safeguard the normal development of their families in employment and in ideals of self help and self reliance.

FREE SETTING OF EGGS GIVEN AS WAR MEASURE.

(By International News Service.)

Little Rock, Wash., May 10.—Members of the Oregon and Washington Poultry Breeder's Association have offered to give free setting of eggs to all people who will promise to set the eggs and raise the chickens for market. The offer is a war measure, designed to increase the supply of both chickens and eggs, and so lessen the demand for meats. California poultrymen are reported to have endorsed the plan, and to be willing to furnish eggs for California families that have pet hens, as well.

PRICES UNJUSTIFIED.

Washington, May 10.—As a result of threats by bakers in a number of cities to raise the price of bread on the ground that substitutes for wheat flour which they are required to use are more expensive than flour, the Food Administration has sent telegrams to State Administrators saying that increases in bread prices are unjustified. The substitutes are under regulation, the administrators were informed, and their price shows a marked downward tendency.

EXAMINATION MAY 18.

The Civil Service announces a First Grade, or Clerical examination in Hopkinsville May 18. Persons having had at least four years experience in an industrial business or manufacturing establishment in a clerical or higher capacity are urged to enter this examination, as experienced clerks are especially desired.

Usual entrance salary \$900 to \$1400 per annum.

For further information see Elbert Turner, Postoffice, Hopkinsville.

PRIEST INVENTS AIRSHIP.

(By International News Service.)

Beaver Falls, Pa., May 10.—The Rev. T. J. Glynn, a Catholic priest, of this place, has invented a large, powerful, triple propeller airship. It is kite-shaped and much larger and more powerful than the machine now in use. The planes and huge body are made entirely of tin sheeting of the lightest and toughest material. There are three large propellers. The main propeller is mounted directly on the shaft of the motor; the two other propellers are set on bracket bearings a few feet below on each side of the main propeller and are driven by an endless chain geared to the main motor shaft.

WIFE DESERTERS PUNISHED.

(By International News Service.)

Manitowoc, Wis., May 10.—Wife deserters receive little sympathy in court here. John Gross, who has a wife and five children he failed to support, received a year's sentence to hard labor in prison, while Murray Pherson, convicted of a similar offense, also drew twelve months in Waupun.

FIVE DISLOYAL AUSTRIANS DIPPED IN OIL BY A MOB.

(By International News Service.)

Pottsville, Pa., May 9.—Five Austrians who refused to purchase Liberty bonds are to-day carrying an amber hue on their bodies that will be hard to remove. It cannot be washed off. The men were taken by the heels and dipped into a steel tank used for heating oil for colliery engines. They all purchased bonds after the dipping.

SELLS ENTIRE VILLAGE.

(By International News Service.)

Phoenixville, Pa., May 10.—William McKinley, ex-Coroner of Chester County, has sold the entire village of McKinleyville, near here, to a local buyer. The village consists of store, dwelling, three small houses, a blacksmith shop, grist mill, barn and other farm buildings. McKinley bought the property twenty-five years ago.

THE IDLE SLACKERS.

"I visited one of the colored pool-rooms of the city the other day," says a well-known manufacturer, "to see if I could not secure a number of laborers needed about our shop. I found sixty able-bodied men in the place, and not one of them was willing to work at a reasonable wage. Here is a serious situation. The great majority of the negroes of the community are industrious and are willing to add their labor to that of their white fellow-citizens to help in winning the war by keeping the wheels moving at home; but there are a number—entirely too large—who, while agreeing to work for three days of the week, are seeking to spend the other three days in idleness and play; and there are some

whites of the same kind. Working for three days a week at the prevailing wage enables them to live the balance of the week without work and work they will not. Added to these are the perennially idle and the habitual loafers, who refuse to work at any time except for the little odd jobs that supply them with enough to eat.

The situation would seem to call for action, if, indeed, it can be reached by municipal action.—Chattanooga Times.

Brims of straw sailors are cleverly embroidered with straw, floss or chenille.

Black Chantilly lace placed over a white foundation shows the Spanish influence.

"PAT" O'BRIEN HAS GERMAN SECRETS.

The man who possesses secrets that may hasten the defeat of Germany is due tomorrow, when Lieut. "Pat" O'Brien, who spent 72 days behind the enemy's lines will arrive for his appearance at the Hopkinsville Tabernacle Monday evening, May 13th, at 8 o'clock.

"A soldier can't wander through a country for over two months without picking up valuable military information," says Lieut. O'Brien. "From my hiding places during the day I made observations and on my night pilgrimages I investigated the country of the Hun and accumulated much data that I hope will benefit our just cause."

"My curiosity and zeal nearly caused my recapture after I had successfully passed the charged wire barrier on the Holland border, for after passing those deadly wires and drawing my first breath of regained freedom, I noted a group of soldiers some little distance away. It was night and I started to crawl in their direction to overhear their conversation. I had only gone a few yards when a sentry loomed up close by and as I flattened out on the ground the Hun passed within a few yards of where I lay."

"He was on one side of the wire fence of course but I knew that would not have made any difference. If he had seen me he would have fired and apologized to the Dutch afterward."

"After my experiences I will never again condemn any story as impossible, for if a writer or fiction or motion picture company had its principal character shot in the mouth by a machine gun, then crash to earth from a height of 8,000 feet and later jump through the window of a speeding train and live through it all, they would be laughed at as picturing the impossible. But I now fully appreciate that truth is stronger than fiction for I went through those seeming impossibilities and I am alive to tell the story."

DIED FROM HEART ATTACK

Funeral and burial services for Mrs. Stella Pippin were held yesterday afternoon following her sudden death yesterday morning. She was found dead in bed and it is supposed that either heart failure or congestion was the cause.

Her husband, R. L. Pippin, and 9 children survive her. While Mrs. Pippin had not been in good health for some time she was not considered in a serious condition. The family lives on the farm of J. R. King on the Butler road.

Eyes tested, lenses ground.
HARDWICK.

SOME TOBACCO SET.

Some tobacco has been set in this county during the past few days. Rickman Bros. and Lucien Means, Jr., west of town, have put out several acres, and in other sections of the county the work of transplanting has been begun. Plants are growing rapidly and with a good "season for setting" much of the crop can be put out.

Important, Surgical Dressings.

The work room will be closed to workers all next week as quota of surgical dressings for May (750 army pads) has been completed. This by order from Cleveland headquarters. Signed: Chairman Surgical Dressings.

Orders taken for Victrolas and Records.
HARDWICK.

OWN YOUR OWN HOME

INSTEAD OF PAYING RENT TO YOUR LANDLORD, PAY IT TO YOURSELF.

It should be the AMBITION of every MAN to own the ROOF which SHELTERS him and HIS LOVED ONES. Have "A PLACE" that every member of the family can speak of as "HOME." Don't live here TODAY and YONDER tomorrow. Establish yourself in a good neighborhood. We are going to help you buy a desirable HOME, on easy terms, well located, close in and near two of the Public Schools, and only 3 blocks of First Baptist Church, in good repair, and with all conveniences and a good sized lot.

HIGH SCHOOL NOTES.

(By Ben King Harned.)

Although in nearly every respect the High School is well equipped there is still one very important department lacking. This is a department of Public Speaking. The literary societies constitute one source of instruction in oratory, but this is entirely inadequate to the needs of the students. When the work is running smoothly with no hindrances and no delays each boy has an opportunity to speak on a regular program only once a month. Usually a professor whose mind is necessarily centered on his every day work is present. He corrects mistakes which he notices but the regular critics for the societies are students, who ordinarily have had very little more experience than the boys whom they correct. No explanation is necessary when we say that speakers cannot be developed through this channel. We need a professor who has made it his business to study oratory and whose only vocation is teaching it to others. In this way and in no other can real orators be developed.

To meet this demand we must have a department of Public Speaking conducted just as the English, Latin or Mathematics departments are in having the classes meet every day to study great orations of their English and style of expression would be improved more than it possibly could be in the regular English course. On the days for the students to debate or deliver original orations the instructor could criticize their posture, gestures and fluctuations of the voices, things which few students know anything about and things of which most are totally ignorant. In hearing the students speak often, mistakes would be corrected which otherwise would never be noticed. The students would also become accustomed to speaking in public, practice which they could not get from a private tutor. After four year course this department could turn

out speakers who would be capable of leading the Public Speaking department in our colleges and universities and those who do not continue their education in school would not be embarrassed when called on to make a speech in public. Through the speakers this high school would gain a greater reputation and be brought before the public more than in any other way. Especially since our entry into the war has it become more important to institute this course in High Schools. Some of the boys who would have gone to universities in the times of peace will now join the army with only a high

school education. It therefore is expedient that our High Schools instruct our boys in this important work and prepare them for a greater work and a larger service to humanity.

On Wednesday morning Mrs. Smith, Miss Jennie Glass, Mrs. Crutchfield and Miss Bush were present at Chapel and told the students what a great opportunity it was for them to be able to hear Lieutenant Patrick O'Brien. Each student was urged to sell as many tickets as possible.

The Orchestra will play at Crofton Friday night at the Tabernacle Mon-

PRINCESS TO-DAY.

Madge Kennedy's latest vehicle, "Our Little Wife," the Goldwyn picture of Avery Hopwood's splendid stage success. Miss Kennedy is surrounded by a notable cast in "Our Little Wife." Her leading man, George Forth, who portrays the role of Herb, the loving but jealous husband of Dodo (Madge Kennedy,) has done creditable work in several screen productions made on the coast, and previous to acting before the camera was intrusted with a number of important roles in Broadway productions.

William Davidson, as Dr. Elliott, who admires Dodo much to his wife's discomfiture, is another who has given a good account of himself. Wray Page has the role of Mrs. Elliott, whose one aim in life is to make hubby forget other women exist. Kempton Green is Tommy, the poet, whose love sonnets drive Dodo frantic. The role of Bobo, the "goat" of it all, is in the hands of Walter Hiers, who was a vaudeville artist before his advent on the screen. Marguerite Marsh, sister of Mae, is Angie.
